

List of the machines of AKG Zrt.

Nomination	Type	Characteristics	Pieces
Machine center	CW-630	With table size of 630 x 630 mm with 2 Palette, approved for clamping for 60 tools	2
Machine center	OKUMA 50HB	With table size of 630 x 500 mm with 2 Palette, approved for clamping for 60 tools	1
Machine center	CWK-630	With table size of 630 x 630 mm with 2 Palette, approved for clamping for 60 tools	1
Machine center	CW 500	With table size of 500 x 500 mm with 2 Palette, approved for clamping for 40 tools	2
Rotary milling machine NC	SKJ-12A	Faceplate Ø 1250 mm, approved for clamping for 5 tools, high of the work piece max. 1100 mm	1
Traditional Rotary milling machine		Faceplate Ø 1100 mm, approved for clamping for 5 tools, high of the work piece max. 1000 mm	1
Lathe machine NC	EEN-500	Centre distance 500 mm, Ø max.500 mm, approved for clamping for 8 tools	1
Lathe machine NC	OKUMA-LC30	With 2 capstans with 8 to 12 tools, centre distance 1500 mm, Ø max.550 mm	1
Lathe machine NC	LIEBER	With swinging chuck, Ø 300 mm, approved for clamping for 6 tools	1
Lathe machine NC	BOEHRINGER	Up DN 50 to DN 150, and up DN 200 to DN 400	2
Universal lathe	MVE-280	Centre distance: 2000 mm, Ø max.600 mm	1
Universal lathe	EE800	Centre distance: 2000 mm, Ø max. 800 mm	1
Universal lathe	EE500	Centre distance: 2000 mm, Ø max.500 mm	1
Universal milling machine	FU36	Length max. 1000 mm, breathe max.300 mm, depth max.300 mm	2
Radial drilling machine	RF50	Ø max.1000 mm, high of the work piece max.1200 mm	2
Universal lathe	CU-582	Centre distance: 2000 mm, Ø max.500 mm	1
